Ombudsman Services provided by **Mental Health America of Indiana**

The Managed Health Services (MHS) Ombudsman Program is designed to assist MHS members in finding effective ways to resolve concerns or complaints about the benefits and services provided under their MHS coverage.

In designing the program, MHS and MHA recognize the need for an ombudsman to provide support to members and their families or representatives and work with MHS and providers to solve problems and misunderstandings and create responses based on an individual's needs.

What is an ombudsman?

An ombudsman is **someone who works to help you get a problem solved**. MHS members can contact an ombudsman for FREE to discuss any problems they may be having with MHS, MHS services, MHS doctors or other parts of their healthcare.

The ombudsman is neutral and does not side with MHS or the Medicaid program. The ombudsman will work with you to get your problem solved. If you want the assistance of an ombudsman, please call them directly at 1-877-647-5326.

When do I call the ombudsman?

If you are an MHS member (or a legal representative), please call if:

- you have unresolved questions about your MHS benefits or services;
- you want to know what your MHS rights & responsibilities are for your MHS coverage;
