Medical Prior Authorization (PA)

Medical Prior Authorization

Medical PA is an approval from MHS to provide services designated as needing authorization before treatment and/or payment.

- Emergency Room (ER) services do not require PA.
 - Admission must be called into the MHS Prior Authorization Department within two business days. Please contact 1-877-647-4848.
- Urgent concurrent = Emergent inpatient admission. Determination timeline within 24 hours of receipt of request.

PA Guidelines for Medical and Behavioral Health

MHS adheres to the following timelines for PA decisions:

- Up to 48 hours for standard PA decisions.
- Within 24 hours for urgent PA decisions.
- Concurrent review request within 48 hours.

Possible Reasons for Delayed Decisions:

- Incomplete or insufficient information submitted with the request.
- Requests requiring review by the Medical Director.
- If the provider requests an inpatient level of care for a covered/eligible condition, but the procedure and documentation support an outpatient/observation level of care, the case will be sent for Medical Director review.

Important Note: The Medical Management team does not verify member eligibility or benefit limitations. It is the provider's responsibility to confirm eligibility and verify benefit coverage is assigned to MHS.

Medical Prior Authorization

MHS Medical Management will review State guidelines and clinical documentation.

- If the provider requests an inpatient level of care for a covered or eligible condition, but procedure and documentation supports an outpatient or observation level of care, MHS will send the case for Medical Director review.
- Elective procedures that require PA must be submitted to MHS at least two business days prior to the date of service.

***Authorizations do not guarantee payment.**

Transfer Prior Authorization Requests

- MHS requires notification and approval for all transfers from one facility to another, at least two business days in advance.
- MHS requires notification within two business days following all emergent transfers.

***Higher level of care changes require PA, and it is the responsibility of the new transferring facility to obtain.**

Ways to Obtain a Prior Authorization

- Check to see if a Medicaid Pre-Authorization is necessary by using our online tool. If an authorization is needed, you can access our [MHS Provider Portal](#) to submit a request online.
- The [Prior Authorization](#) link will take you to the Medicaid Pre-Auth page.
- For imaging, outpatient surgeries and testing, requests for services may be obtained via:

Prior Authorization

A Prior Authorization (PA) is an authorization from MHS to provide services designated as requiring approval prior to treatment and/or payment. All procedures requiring authorization must be obtained by contacting MHS prior to rendering services. PA is required for certain services/procedures which are frequently over- and/or underutilized or services/procedures which are complex and may indicate a need for case management.

Check to see if a pre-authorization is necessary by using our online tool located on the sidebar. It's quick and easy. If an authorization is needed, you can access our [Provider Portal](#) to submit online.

Prior Authorization Denial and Appeal Process

Prior Authorization Denial and Appeal Process

- **If MHS denies the requested service:**
 - And the member is still receiving services; you have the right to an expedited appeal. The attending physician **must request** the expedited appeal.
 - Or if the member already has been discharged, the attending physician must submit an appeal in writing within 60 calendar days of the denial.
 - The attending physician has the right to a P2P discussion with an MHS physician.
 - Providers initiate P2P discussions and expedited appeals by calling an MHS Appeals Coordinator at 1-877-647-4848.

***PA appeals are also known as medical necessity appeals.**

Peer to Peer

P2P Discussion

- The Indiana MHS Medicaid P2P Schedulers report to the Chief Medical Officer.
- You must request P2P within 48 hours of the adverse determination.

***A PA appeal is different than a claim appeal request.**

PA Denial and Appeal Process

- PA and appeals can be completed through our Secure Web Portal: [MHS Secure Portal](#)
- Appeals can also be mailed to:
Authorization/Medical Necessity
Managed Health Service
Attn: Appeals Coordinator
P.O. Box 441567
Indianapolis, IN 46244
- To check status of an Appeal or Grievance email:
Appeal status inquiries should be sent to MHS Indy Appeals: [**appeals@mhsindiana.com**](mailto:appeals@mhsindiana.com)
Grievance status inquiries should be sent to MHS Indy Compliance Outreach:
[**compliance_outreach_in@centene.com**](mailto:compliance_outreach_in@centene.com)

P2P phone line (855-696-2613), extension 87058 will transfer to the P2P Schedulers.

Pertinent Information Previously Approved Prior Authorization (PA)

- Previously approved PA's can be updated within 30 calendar days of the original request submission to accommodate changes such as:
 - Practitioner Information
 - Dates of Service (DOS)
- **Exceptions:**
 - Updates are not permitted if the new DOS overlaps with a previous adverse determination, such as a denial or partial approval.
 - Updates cannot include retroactive days (i.e., dates more than one business day prior to the initial request submission).
- **Important:**
 - All updates or corrections to PAs must be requested before any related claims are denied. Timely submissions ensure continuity of care and accurate claims processing.

Pertinent Information Limitations on Outpatient Mental Health Services

MHS adheres to the, [IHCP Mental Health and Addiction Limitation Policy](#) which imposes the following restrictions:

- A maximum of 20 BHOP units per member, per practitioner, per calendar year applies to the specified CPT codes.
- This policy reflects a change from the previous rolling 12-month period.

Important Guidelines:

- Do not submit authorization requests that extend beyond December 31 of the current calendar year.
- HHW Package C members are allowed up to 30 BHOP units per calendar year under this policy.

Code	Description
90832 – 90834	Individual Psychotherapy
90837 – 90840	Psychotherapy, with patient and/or family member & Crisis Psychotherapy
90845 – 90847 90849 – 90853	Psychoanalysis & Family/Group Psychotherapy with or without patient

Providers are encouraged to carefully monitor utilization to ensure compliance with these limitations.

This is not a conclusive list

Benefit Limitations Denials

Claims exceeding the benefit limit will deny as:

- Maximum Benefit Reached, claim denial code EX Mb:

If the member requires additional services beyond the 20-unit limitation, providers may request prior authorization for additional units.

Approval will be given based on the necessity of the services as determined by the review of medical records.

Providers will need to determine if they have provided 20 units to the member in the calendar year to determine if a prior authorization request is needed.

“Per Provider” is defined by MHS as per individual rendering practitioner NPI being billed on the *CMS-1500* claim form (Box 24J).
