HIP Gateway to Work
Gateway to Work Overview

Gateway to Work is a Healthy Indiana Plan (HIP) program that seeks to improve HIP members’ physical and mental health, overall financial stability, and well-being.

It connects HIP Members with jobs, training, education, and volunteer activities (Work, Learn and Serve).
Gateway to Work Status

HIP members are assigned a Gateway to Work status based on the information they submitted to FSSA.

- **Exempt** – Members who meet any of the defined exemptions will not be required to participate in the program.
- **Reporting Met** – Members who have reported at least 80 hours per month of employment to DFR.
- **Reporting** – Members who are required to complete requirements to keep HIP benefits.
How Do Members Know Their Status?

- They can look up their status on the FSSA benefits portal.
- They can call MHS to find out their status.
- Their status is also on their monthly POWER Account statement.

MHS Tip: If a member says they are not receiving their POWER Account statements, make sure they have updated DFR with their current address.
