

Did you know that members' health records are available on the MHS Secure Provider Portal?

Providers can access the MHS Provider Portal to review members' health information, including visit history, medications, immunizations, lab results, and allergy details. This comprehensive view helps identify and close care gaps, enhancing the quality of care provided to members.

To get started, log into the MHS Secure Portal at provider.mhsindiana.com/ and navigate to the **Health Record** section.
