## Special Deliveries

A Special Program to Help Guide Expectant Moms Through Complicated Pregnancies

[mhsindiana.com](http://mhsindiana.com)

Welcome to MHS Special Deliveries. MHS cares about you and your baby. We will be here for you through your entire pregnancy and even after you deliver. This program was designed to link mothers-to-be with important pregnancy related healthcare information, making sure you have the tools and information to make choices needed for a healthier baby. By completing this important program you will earn CentAccount rewards and gifts for your baby.

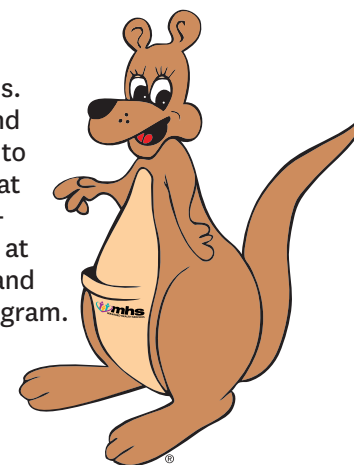

### Talking With Your Special Deliveries Nurse

Once you enroll in our MHS Special Deliveries program you will be matched with an experienced obstetrical (OB) nurse, dedicated to your care. As you get to know each other, she will be there to answer any questions or concerns you may have about your pregnancy and your overall health. This may include talks over the phone or in person. Your Special Deliveries nurse can also work with you and your doctor to be sure you get the support you need. All you have to do is call 1-877-647-4848.

## Extra Benefits to Help You Live Better

### MHS CENTACCOUNT REWARDS PROGRAM

Enrollment in MHS Special Deliveries also means you can earn CentAccount rewards. This special program was designed to encourage you to keep your appointments and stay on target to have a healthy baby. As you and your Special Deliveries nurse talk to review your progress during your pregnancy (touchpoints) you will earn rewards that can be used to help pay for things like baby care items, healthy groceries, over-the-counter medicines, personal care items and more. You can use your reward dollars at participating stores, including Walmart, Dollar General, Family Dollar, Meijer, CVS and Rite Aid Pharmacy. You can earn up to \$80 by completing the Special Deliveries program. These rewards will be added to your CentAccount card (a prepaid debit card).

### How the Program Works

The chart below explains what you need to do during and after your pregnancy to complete the Special Deliveries program and earn CentAccount rewards. The grid also outlines why these touch points are important as well as the amount of money that will be added to your CentAccount card after you successfully complete the program.

TOUCHPOINTS	REASON IT'S IMPORTANT	REWARD AMOUNT
Step 1 - Complete an initial pregnancy survey with a Special Deliveries nurse.	Helps the nurse know your medical history and confirms that the Special Deliveries program is the best fit for your needs.	\$20
Step 2 - Complete regularly scheduled calls with your Special Deliveries nurse. The number of calls will vary based on your health needs.	Allows the nurse to check your progress and provide information that may help improve your health during your pregnancy.	\$15 (one per trimester)
Step 3 - Complete a postpartum survey with your Special Deliveries nurse.	Ensures healthy recovery after childbirth and a chance to ask your nurse any new questions you may have after your baby is born.	\$15
<i>The amount of CentAccount rewards you can earn may vary depending on how far along you are in your pregnancy when you enroll in this important program.</i>		

MHS Special Deliveries makes OB nurses available for consultation from enrollment through six weeks after delivery. The program is not intended to replace your physician's care.

### How Do I Enroll?

You may have received, or will soon receive a Start Smart for Your Baby/CentAccount tear-off coupon with envelope that must be signed by your doctor. By enrolling in and completing this program instead, you have the opportunity to earn \$15 more in rewards. For more information and to enroll in the MHS Special Deliveries program, please call 1-877-647-4848.
